DETAILED ACTION

Reasons For Allowance

The following is an examiner's statement of reasons for allowance: the amendment has clearly distinguished the present invention to the prior art reference. The prior art of reference has failed to disclose or suggest a surgical device for perforating an amniotic membrane comprising a tapered elongate body having a first side, a second side opposite the first side, a first edge, a second edge opposite to the first edge, a hook portion, a handle portion, elongate recesses on the first and second sides, wherein the handle has one or more raised orientation indicating surfaces on the first and second sides closely adjacent the first edge with the handle portion adjacent to the second edge being smooth/devoid of raised surfaces, and enlarged lobes having tapered portions oriented substantially perpendicular to the elongate recesses.

Claims 2-3 and 5-10 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion
